through translations of their surviving writings the vikings speak directly to the modern reader in this book revealing much of their everyday feelings and concerns the vikings are shown as they saw themselves portrayed in their own writings or in the reports of people who knew them closely this book comprises of a series of translations from primary sources runic inscriptions left behind by the vikings poems of their official skalds literary works that entertained them the few prose historical accounts that derive direct from the vikings and eyewitness reports of how the northern peoples lived

magic sorcery and witchcraft are among the most common themes of the great medieval icelandic sagas and poems the problematic yet vital sources that provide our primary textual evidence for the viking age that they claim to describe yet despite the consistency of this picture surprisingly little archaeological or historical research has been done to explore what this may really have meant to the men and women of the time this book examines the evidence for old norse sorcery looking at its meaning and function practice and practitioners and the complicated constructions of gender and sexual identity with which these were underpinned combining strong elements of eroticism and aggression sorcery appears as a fundamental domain of women s power linking them with the gods the dead and the future their battle spells and combat rituals complement the men s physical acts of fighting in a supernatural empowerment of the viking way of life what emerges is a fundamentally new image of the world in which the vikings understood themselves to move in which magic and its implications permeated every aspect of a society permanently geared for war in this fully revised and expanded second edition neil price takes us with him on a tour through the sights and sounds of this undiscovered country meeting its human and otherworldly inhabitants including the sami with whom the norse partly shared this mental landscape on the way we explore viking notions of the mind and soul the fluidity of the boundaries that they drew between humans and animals and the immense variety of their spiritual beliefs we find magic in the vikings bedrooms and on their battlefields and we meet the sorcerers themselves through their remarkable burials and the tools of their trade combining

archaeology history and literary scholarship with extensive studies of germanic and circumpolar religion this multi award winning book shows us the vikings as we have never seen them before

now with the chamber boarded up came what was probably the heart of the proceedings four or five dogs and two more oxen were slaughtered as well as fifteen horses that had first been run to exhaustion the furniture tools and carriages scattered across the foredeck were bathed in their blood stones were then piled over the ship breaking many of the grave goods and rendering them unusable the sights and sounds accompanying such an orgy of blood letting we might perhaps be able to imagine the atmosphere conjured by it probably not as the mourners then set about completing the mound the sight before them must have been eerie and awe inspiring the blood spattered ship with its cargo of dead women seeming to lurch forward across the field in a last attempt to shake off the engulfing wave of dark earth rising behind it the meadow flowers preserved from this stage of the proceedings were autumnal showing that the whole process from the opening of the furrow to the closing of the mound must have taken about four months clearly at least one of the women had died long before the burial took place

in the vikings a mawer masterfully immerses readers in the tumultuous world of the norse warriors who roamed the seas and reshaped european history drawing on both historical narrative and vivid character studies mawer s prose is rich and engaging elegantly weaving together the epic tales of adventure exploration and conquest the book not only chronicles fierce battles and daring voyages but also delves into the cultural and social structures that defined this enigmatic society offering a nuanced perspective on the viking age s complex dynamics within a broader historical context a mawer a scholar well versed in norse history and mythology has dedicated years to studying this fascinating epoch his passion for viking lore is evident in his meticulous research and narrative flair which transports readers into the heart of a civilization that continues to captivate modern interests mawer s academic background complemented by personal travels through scandinavia informs his authentic voice and deepens his exploration of viking ideals and their enduring legacy with its rich tapestry of historical detail and compelling storytelling the vikings is a must read for anyone intrigued by the interplay between myth and history mawer s ability to bring this dynamic era to life makes the book not only informative but also a gripping adventure readers will find themselves enthralled by the odyssey through time gaining new insights into a culture that has shaped world history in this enriched edition we have carefully created added value for your reading experience hand picked memorable quotes shine a spotlight on moments of literary brilliance interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

explore captivating viking sagas the period between the end of the eighth century ce and the middle of the eleventh is often called the viking age because this is the period in which scandinavian people expanded their contacts with the outside world through trade raiding exploration and colonization this volume presents a version of ragnar s saga compiled from different modern sources along with information providing additional historical and documentary context followed by a discussion of some aspects of modern appropriations and representations of ancient norse culture the first section of the book provides historical context for ragnar s saga through an exploration of daily life in ninth century scandinavia and of contemporary viking culture and history the text of the saga itself forms the second part of the book along with notes giving further information about how this version of the saga is presented and about elements within the story that might not be familiar to modern readers the third section of the book
